

Love Spells

(BE aware of the threefold law with this kind of spell!)

To obtain the love from a specific person

At nighttime light a small fire in a cauldron or what ever you have available to contain the fire. Cut out a piece of paper that is 3 inches by 3 inches. Draw a heart on it and color it in with red. Write the name of the name of the person that you desire on the heart. While doing all this be thinking of this person being attracted to you and not being able to resist you! Think of his or her heart burning with desire for you just like the flames of the fire. Then kiss the name on the heart 3 times. Place the paper in the fire while saying these words 3 times. Do so with sincerity...

"Fire come from below, bring me love that I do know,
make my heart blaze and shine, to bring the love that will be mine!"
Soon my love will come a day, three times strong and here to stay!"
"SO MOTE IT BE!"

Stay and meditate on the spell you just did, seeing it come true! After you are finished concentrating for a few minutes, extinguish the fire. Soon your love will come to you!

A spell for love

Items: 1 white candle and one in your favourite color - Two holders - Rose colored alter clothe a Piece of red chalk.

Ritual: In the circle, ground and center. Meditate on all preconceived ideas you have about the perfect partner. You might have a certain person in mind for romance. Release the thought of that person (it would be most unethical to work magick to make a certain person love you and will put you in jeopardy by the law of return). Release all notions of what your perfect lover will look like, or do for a career, or even sound like. These are externals, and if you cling to them you may overlook mate simple because your mind was focused on superficialities.

When your mind is clear and open, hold the candle of your favorite color; this represents you. Meditate and then speak aloud all the qualities and energies you are willing to bring to an intimate relationship, such as "honesty, and the daily expression of affection, and good humor even in difficult times, ect. Replace that candle on the alter and pick up the white one. This represents your ideal partner, whoever he or she may be. Speak aloud the essential qualities you desire in a mate, and ask Aphrodite to bring you together in this lifetime.

Then place the two candles in their holders at opposite ends of the alter. Draw a heart in the center with the red chalk, large enough for both candleholders. Each day thereafter, meditate on the perfect loving relationship for a few minutes, and move the two candles an inch closer together. If you started on a new moon, then by the full moon, the candles should be touching in the middle of the heart. When they meet, draw two more hearts around the first one, raise energy by singing your favorite love song, (or singing with a recording of it) and charge the candles. So mote it be!

Spell to Protect Your Love From Another
By Amanda Hayes Nin's Realm of Magick

Note: DO NOT use this spell to "**steal**" another's boyfriend or girlfriend! Its purpose is to keep your mate from wandering, not to make someone else's wander.

Items: 1 candle to represent yourself (in appropriate color) - 1 candle to represent your love (in appropriate color) - 1 candle to represent the third person (in appropriate color black) - Sewing Needles - 1 Red Candle - Dragons Blood or other Protection Incense

Ritual: Cast a proper circle before doing any magickal work. Inscribe the candle that represents you with your name. Inscribe the candle that represents your lover with his or her name. If the third persons name is known, inscribe the third candle with his or her name. If the name is unknown, you can inscribe "All Others".

Anoint your candle and your lovers candle with any type of "Love" oil. Anoint the other person's candle with any type of "repelling" oil. On the candle representing the Other One, stick sewing needles throughout the candle where the letters are closed (ex: if there is a letter "o", place a needle through the "o"). Light this candle while concentrating all of the bad feelings this person has caused you. Place this candle in the upper right hand corner of your Altar.

Rid yourself of the negative feelings you charged the third person's candle with, and light the Protection Incense. Visualize what you want to accomplish with this spell. Call upon the Goddess for protection over the lovers. Light the candle that represents you and say:

This candle is (name). Her/His love for (name) burns eternal as does this flame."

Light your lovers candle from your candle and say:

"This candle is (name). Her/His love for (name) burns eternal as does this flame."

Light the Red candle from the Lover candle and say:

"This candle represents (your name and her/his name)'s love for each other. No one shall make the other's eye wander. This candle binds together (name and name) eternally in love. Their love for each other burns as does this flame."

Let all candles burn down while concentrating on how much your lover loves you, and vice versa. Throw into the garbage the leftover wax and needles from the other person's candle. (after cooling) Put your leftover wax and your lover's leftover wax into a glass jar, seal it, and bury it within the Earth.

Ritual: Fold everything in a velvet cloth; tie it up with a scarlet thread. Keep it beside your bed at night. Breathe it when you wake up every day. Soon you shall be healed and stay that way.

Spell to Protect Pets

Items: Pet fur - red thread of silk - canister

Ritual : Take some fur of the cat (shed fur will do nicely). Tie the fur into a bunch with some red thread (silk by preference, although cotton or even acrylic will do). Invoke the blessing of your patron deity. Place consecrated fur into a canister (the following is imperative!). The canister must be reflective on the outside, but NOT on the inside. Seal the canister with red wax (just a dab will do) Place canister next to pet's usual exit. Red is the color of protection, silk is an insulator, the reflective canister reflects malicious intent, and the blessing is for extra whammy to the spell.

**"Good luck is mine and prosperity Help me Great Ones, come to me
Opportunity and rewards I see as I will. So mote it be"**

**"Earth-born stone of brilliant hue hearken to my deep desire
amidst the candle's radiant fire Herbs of luck, prosperity

Ritual: Get up early and burn a mixture of sugar and sulphur and appropriate incense. As the sun rises, look to the East and pray for customers to be drawn to you.

Overcoming Depression Spell

Items: Protection Incense (herbs or oils work fine also) - Yellow 8" Taper Candle

Ritual: It is best to find a work area that you can leave untouched for three days. If you must put away your tools, try to at least keep your spell candle out in the open.

Prepare your work area by setting up any tools you may use. While setting up your area, CONCENTRATE on the purpose of your work. Imagine how good it feels to be happy. Do not let negative thoughts enter your mind!

Just prior to your work, bathe in purification herbs, or with your favorite bath salts. While you are bathing, concentrate again on the purpose of your spell. Again, do not let negative thoughts enter your mind.

After bathing, go to your work area. Cast a circle and light your incense. Envision a large, yellow ball of light surrounding you and your work area. Hold the yellow candle between the palms of your hands and direct all of your positive energy into the candle. Place the candle in its candleholder. Prior to lighting the candle, say, (either aloud, or to yourself):

“This candle represents the love and energy I have for myself”

Light the candle and say (either aloud or to yourself):

“As I light this candle, the veil of darkness that is ever present in my mind is lifting. The darkness ceases to exist as the light of this flame glows. Long has the darkness filled my mind, my desire to be happy is intense like the heat of fire. As this candle burns, my spirits are lifting and the negative energy is washing away.

I will be happy; my life will be peaceful.

I can see myself as I wish to be-happy and free!”

Sit back and watch the candle burn. Meditate on how good it feels to be happy and envision the veil of darkness lifting. When the candle had burned 1/3 of the way, say:

“As the flame of the candle is extinguished-the light burns forever in my mind”

And wave the candle out. Repeat this for two more nights. On the last night, after the candle has burned away and the leftover wax has cooled-throw away the leftover wax into to trash and envision your depression being thrown away with the wax. You will overcome your depression!

Flying Ointment

Note: The notorious "Witches Flying Ointment," a dangerous herbal concoction producing psychedelic effects, was said to be used by Witches in the Middle Ages. It consisted mainly of parsley, hemlock, water of aconite, poplar leaves, soot, bat's blood, deadly nightshade (or belladonna), Henbane and Hashish. (Of course, Witches didn't really fly; however, the ointment did induce incredible hallucinations, psychic visions and astral projections.)

The following is a modern Witch's flying ointment recipe. It is safer and much easier to use:

Items: 1/4 cup lard - 1/2 tsp clove oil - 1 tsp chimney soot - 1/4 tsp dried cinquefoil
1/4 tsp dried mugwort - 1/4 tsp dried thistle - 1/4 dried vervain - 1/2 tsp benzoin tincture

Ritual: Using a mortar and pestle, crush the dried herbs until almost powdered. In a small cauldron or saucepan, heat the lard over a low flame until it is melted completely. Add the herbs, the clove oil and chimney soot to the lard base and mix well. Add the benzoin as a natural preservative, stir together clockwise and then simmer for ten to fifteen minutes. Strain it through cheesecloth into a small heat resistant container and then allow it to cool. Store it in your refrigerator or in a cool dark place until it is ready to be used. On a night of the Full Moon, anoint your temples and Third Eye with a small amount of the flying ointment prior to astral projection or dream magick.

NOTE: For external use only!

Purple Light Spell - for progress and ambition

Items: 1 Purple Candle.

Ritual: Purple promotes ambition, progress, power, and strengthens will- power. As you light the candle, repeat:

"This light is burning to help me gain and achieve (*wish*). Its protest is small but holds great power. For only it can push this power up into the Loving Hands of the Goddess. I am, like this candle, small, but my intentions and ambitions are big, and with perseverance, I will get there. Goddess, help me achieve this. So mote it be"

Focus your energy on the flame. Think of all your ambitions and dreams. Imagine the flame being pushed up into the hands of the Goddess. Visualize the Goddess receiving all your energy. Imagine you can see your energy being pulled into the flame. As your energy is soaked into the flame, imagine it turning purple. The more energy soaked in the deeper and stronger the purple gets. Imagine a long purple ribbon flowing out of the flame and into the hands of the Goddess.
