

The Mysterious Pentagram

The Pentagram means different things to different people. Some may argue as to what it represents, but I will tell you the real meanings of it. The Pentagram right side up represents God ruling over the world of matter. The 5 points represent the 5 places that Christ was wounded. This is why Devils are afraid of it! It also represents the Microcosmic man with his arms stretched out.

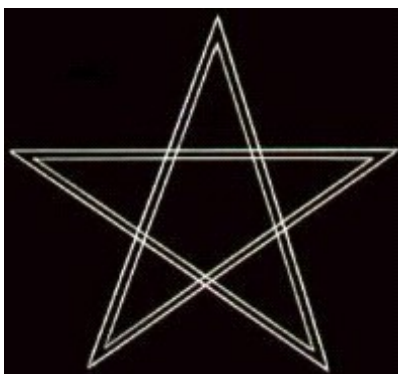

Let us not forget that it also represents the elements **Spirit, Water, Air, Earth, and Fire** as shown below.

This is used by most people in Witchcraft.

Now there is also the upside-down Pentagram. It represents Satan or the world of matter ruling over God. It is the same as denouncing God. To wear it is to attract evil around you. It will not bring good spirits around you. Normally it is only worn by Satanists or devil worshipers. So if you wish to attract good spirits around you... wear it right side up!

Here we have an example of both the right side up and the reversed Pentagram...

Right side up (God ruling)

Upside-down (Evil ruling)

Many mainstream religion believers think that they are both evil and represent the Devil. But that is because they are so... ignorant and blind to the fact that there is a difference. It shows their lack of study on the true facts of history. I wear the right side up Pentagram and I personally have had many people come up to me and ask me if I am a Devil worshiper! This really pisses me off! But I explain the reality to them.

Now it is time to teach you a very important and powerful Ritual called the

Lesser Banishing Ritual of the Pentagram...

This ritual will surround and protect you with the power of the Almighty aspects of God and his Archangels. This ritual should be done every day in the morning and at the end of the day. Try not to do it right before bed, because it will energize you to where you won't be able to go to sleep. This ritual is exactly what it says... it banishes all spirits or influences good or bad that may be around you. It gives you an open channel to God with no interference! When you do this you are in the presence of God! So treat it with respect. After a period of time you will notice a difference in your life. You will have that Glow! It strengthens your Aura so that you are like a shining sun. This ritual is also one of the first ones you would do after conjuring a spirit or using the Ouija board.
