

Psychic Spell

A spell to open the third eye (psychic sight) goes as follows.

1. Fill a small purple bag (or a piece of cloth that you can wrap herbs in and tie up) with as any of the following herbs as you can:
 - *mugwort*
 - *acacia*
 - *honeysuckle*
 - *peppermint*
 - *rosemary*
 - *thyme*
 - *yarrow*
 - *cloves*
 - *dandelion*
 - *lilac*
 - *lavendar*
 - *calendula*
2. Gather the edges of the cloth and tie a string around it if you are using a cloth, or if you used small purple bag, tie it shut. (Drawstring bags work best.)
3. Using a dark violet marker, draw an eye on the front of the bag. Rub the bag on the third eye chakra (forehead) whenever performing divination or needing psychic sight, and sleep with it under your pillow every night.
